V_{CC2} = Pin 16

V_{EE} = Pin 8

t_{pd} = 2.0 ns typ

P_D = 30 mW typ/gate (No Load)

Dual 4-5-input OR/NOR Gate

The MC10109 is a dual 4-5 input OR-NOR gate which is pin compatible with the MECL III MC1660L dual OR-NOR gate. All inputs are terminated by a 50 k ohm resistor to V_{EE} eliminating the need to tie unused inputs low.
